

4 Flutes Eco Cut 45° Helix Roughing End Mills For Multi purpose

4EHROU

- Roughing Endmills for Tool Steels, Alloy steels.
- Optimum for various work materials by E coating.
- Reduce machining time by excellent chip control.
- Increasing work efficiency by high speed machining.
- 45° helix design for high speed, feed condition.
- Minimize fracturing by high TRS fine(0.5μm) WC grade.

Unit(mm)

Model Number	Cutting Dia. D	Length Of Cut L1	Effective Length L2	Overall Length L	Shank dia d
